Sir,

Sub: Rajya Sabha provisionally admitted Unstarred/ Question Diary No.4109 for 17.12.2024 regarding "National Ayush Institute of Eminence"-reg

With reference to your letter received by e-mail, on the subject cited above and to furnish the requisite information as detailed below in respect of this Institute.

Sl. No	Question	Reply
a)	The details of the three national Institutes of Eminence set up in the Country	Indias leadership in Unani Medicine is a testament to the steadfast support of the Ministry of AYUSH, which has fostered significant advancements in education, research, and healthcare. The National Institute of Unani Medicine (NIUM) in Bangalore, established in 1984, stands as a beacon of excellence, offering postgraduate programs in 10 disciplines and housing state-of-the-art facilities such as a 180-bedded NABH-accredited hospital, NABL-certified labs, and a Regimenal Therapy Unit. NIUM's advanced diagnostic and therapeutic services, including a neurorehabilitation unit and specialized OPDs, support its comprehensive approach to patient care. Additionally, the institute is renowned for its impactful research, publishing over 2,000 papers and hosting workshops, conferences, and global collaborations. The opening of NIUM Ghaziabad in 2022 further solidified India's position in Unani Medicine, providing a modern infrastructure with specialized medical services and a 200-bedded hospital. Both campuses continue to blend traditional Unani practices with modern healthcare, ensuring the continued growth of India's prominence in global health systems.
b)	The benefits to be realized from the same,	The National Institute of Unani Medicine (NIUM) offers significant benefits in patient care, research, teaching, and training in Unani Medicine. It plays a pivotal role in producing highly skilled postgraduates in Unani Medicine, empowering the expansion of this traditional healing system. NIUM's commitment to both education and clinical excellence enables it to explore and advance Unani Medicine, providing holistic, cost-effective, and highly effective treatment options. By making Unani Medicine accessible to people across diverse communities, the institute fosters its widespread recognition as an invaluable healthcare solution, blending ancient wisdom with modern practices to improve public health.

c)	The functions performed by the same	The National Institute of Unani Medicine (NIUM) plays a vital role in advancing Unani Medicine through its multifaceted approach. It provides postgraduate education, training skilled professionals who contribute to the growth and integration of Unani practices. The institute also engages in ground breaking research in areas such as drug standardization, pharmacology, and clinical applications of Unani therapies, with a significant number of published papers and global collaborations. NIUM is known for its high-quality patient care, operating a hospital equipped with advanced medical technologies while combining Unani therapies with modern healthcare practices. It serves thousands of patients annually, addressing a wide range of specialties like dermatology, nephrology, and psychiatry. Additionally, NIUM actively promotes Unani Medicine, expanding its reach to make this cost-effective, holistic treatment accessible to the broader population, thus enhancing its role in both national and global healthcare systems
d)	Whether the government intends to set up such more institute in other parts of the country especially in the state of Chhattisgarh;	The Ministry of AYUSH, Government of India, is committed to promoting and expanding the reach of Unani Medicine across the country. The establishment of new institutions is considered based on the demand for educational facilities, availability of resources, and the strategic need to enhance healthcare delivery in various regions. <u>Currently, the Government has prioritized the strengthening of existing institutions like the National Institute of Unani Medicine (NIUM) in Bangalore and the recent establishment of NIUM in Ghaziabad, aimed at expanding Unani Medicine's impact. While there are no immediate announcements regarding the establishment of new Unani Medicine institutions in specific states like Chhattisgarh,</u> the Ministry is continuously assessing the demand and feasibility for the establishment of new institutions in areas where there is a demonstrated need for education, research, and healthcare delivery in Unani Medicine.
e)	If so, the details thereof and if not the reason thereof	Currently, the Government has prioritized the strengthening of existing institutions like the National Institute of Unani Medicine (NIUM) in Bangalore and the recent establishment of NIUM in Ghaziabad, aimed at expanding Unani Medicine's impact. While there are no immediate announcements regarding the establishment of new Unani Medicine institutions in specific states like Chhattisgarh, the Ministry is continuously assessing the demand and feasibility for the establishment of new institutions in areas where there is a demonstrated need for education, research, and healthcare delivery in Unani Medicine.
