Sir,

Sub: Lok Sabha Admitted Question Diary No. 3311 for 19.12.2025.

With reference to your letter received by e-mail, on the subject cited above and to furnish the requisite information as detailed below in respect of this Institute.

Sl. No.	Particulars	Reply
a.	whether the Government has taken note of the ongoing Supreme Court deliberations regarding providing AYUSH doctors service conditions at par with allopathic doctors; and if so, the details thereof and the Government's stand on the matter:	The Supreme Court referred the question of parity in service conditions between AYUSH and allopathic doctors to a larger bench for an authoritative ruling, as there is a divergence of opinion in past judgments. The court is evaluating parity based on identity of functions, similarity in work carried out, and comparable duties assigned. In the interim, it has allowed states to continue AYUSH doctors beyond their current retirement age up to the allopathic retirement age, but on half pay and without pension benefits for the extended period. The court has sent the matter to a larger bench to provide a definitive and precedent-setting judgment on the issue of service conditions.
b.	whether the Government proposes to establish a single, independent drug regulator for AYUSH medicines as recommended by the Parliamentary Committee; if so, the details thereof and if not, the reasons therefor:	Not Applicable
c.	the steps taken to improve scientific validation, quality control, and standardization of AYUSH products, especially with respect to safety, product consistency, and herb-drug interactions;	Steps taken to improve validation quality control and standardization are: - GMP certification of the manufacturing units - One Herb One Drug standardization scheme - Publication of Pharmacopoeias for Unani, Ayurveda and Siddha. - Instituting Pharmacovigilance programme for AYUSH drugs.
d.	whether the Government is encouraging insurance companies to extend day-care and treatment packages for AYUSH therapies; if so, the details thereof,	The Government has taken several measures to encourage insurance companies to extend day-care and treatment packages for AYUSH therapies. The Insurance Regulatory and Development Authority of India (IRDAI) has directed all health insurers to provide coverage for AYUSH treatments at par with allopathic medicine, subject to treatment being undertaken in recognized or NABH/NABL accredited AYUSH hospitals.

Dr. Anu Bhatnagar
17/12/2025

		<p>The Insurance Regulatory and Development Authority of India (IRDAI) has already conducted a sensitization program at NIUM Bengaluru to facilitate the integration of insurance coverage for Unani therapies offered at the institute.</p> <p>The National Institute of Unani Medicine (NIUM), Bengaluru hospital, has already obtained NABH and NABL accreditation. The process for extending insurance facility for UNANI therapies at NIUM is currently under progress. Once completed, patients will be able to avail insurance coverage for UNANI therapies, including day-care and treatment packages, at NIUM.</p>

Ministry of Ayush, Govt. of India
AYUSH Bhawan, B - Block, GPO Complex, INA,
New Delhi-110023

Sir,

Sub: Lok Sabha Unstarred Question Admitted Question Diary No. 11427 for 19.12.2025.

With reference to your letter received by e-mail, on the subject cited above and to furnish the requisite information as detailed below in respect of this Institute.

Sl. No.	Particulars	Reply
a.	whether the Government has assessed gaps in AYUSH drug testing laboratories, pharmacovigilance and certification systems across the country;	Not Applicable
b.	the number of Regional Research Institutions, Drug Testing Labs (DTLs) and Pharmacopoeial Laboratories approved under AYUSH;	AYUSH has 30 Regional Research Institutions, 27 state and 58 private Drug Testing Laboratories, and 2 central Pharmacopoeial Laboratories approved and operational in India.
c.	whether proposals from States for setting up new DTLs, upgrading existing labs, or establishing AYUSH Research & Development Centres are pending, if so, the details thereof;	Not applicable to NIUM
d.	whether the Government has plans for standardisation of raw drugs, quality control of herbal formulations and global-level certification and if so, the details thereof; and	Yes, the Government of India has comprehensive plans for the standardization of raw drugs, quality control of herbal formulations, and global-level certification of AYUSH products. These initiatives aim to enhance the quality, safety, and international acceptability of AYUSH medicines. The government is actively working on developing Standard Operating Procedures (SOPs) and pharmacopoeial standards for Ayurvedic, Siddha, Unani, and Homoeopathic (ASU&H) formulations. In-house standards for raw drugs and classical or coded formulations are being created to ensure consistency and authenticity. Quality control measures include mandatory compliance with standards for identity, purity, strength, heavy metals, pesticide residues, and microbial load as per AYUSH pharmacopoeias.

Dr. Heena Maheshwri
15/12/25

		<p>A Voluntary Certification Scheme for AYUSH Products has been introduced, managed by the Quality Council of India (QCI). This scheme includes two levels: Ayush Standard Mark is based on compliance with domestic regulatory requirements, and Ayush Premium Mark is based on Good Manufacturing Practices (GMP) as per WHO guidelines, with flexibility to meet stricter overseas regulations.</p> <p>Manufacturers seeking to export AYUSH products must obtain a Certificate of Pharmaceutical Product (COPP) and comply with international standards such as WHO-GMP, Codex GMP/HACCP, ISO 22000, or other recognized certifications. The government is also working on aligning AYUSH standards with global practices to boost consumer confidence and facilitate international trade.</p>
c.	<p>the steps taken/proposed to be taken by the Government to strengthen research infrastructure, human resource capacity, and scientific validation of AYUSH systems to ensure national and international standards?</p>	<p>The Government of India has taken several steps and proposed new measures to strengthen research infrastructure, human resource capacity, and scientific validation of AYUSH systems to meet national and international standards.</p> <p>Research Infrastructure: The Ministry of AYUSH has constructed AYUSH infrastructure, including satellite institutes of national institutes and new campuses such as the National Institute of Unani Medicine, Ghaziabad, for Unani medicine.</p> <p>Human Resource Capacity: The government has launched fellowship schemes and academic initiatives to encourage research among students and professionals. Training modules in research methodology and transdisciplinary approaches are imparted to enhance research capacity across the sector. The NIUM Bengaluru faculty received research methodology training through NCISM in 2024 to enable them for Guideship. Five faculty members were deputed for capacity-building training at premier institutions in the country over the last two years.</p> <p>Scientific Validation: The Extra-Mural Research Scheme encourages research in priority areas aligned with national and international regulatory requirements, leveraging the potential of public and private organizations, universities, and hospitals. The government is also promoting integration of AYUSH with modern medicine and scientific validation through clinical research units and collaborations with modern medical institutions. Initiatives like the AYURGYAN Scheme and the establishment of incubation centres aim to foster innovation, entrepreneurship, and employment in the AYUSH sector.</p>

This issues with the approval of the Competent Authority.

Sir,

Sub: Lok Sabha Unstarred Question Admitted Question Diary No. 11304 for 19.12.2025.

With reference to your letter received by e-mail, on the subject cited above and to furnish the requisite information as detailed below in respect of this Institute.

Sl. No.	Particulars	Reply
a.	The manner in which Scientific Innovation in Drug Development, Healthcare & Integration (SIDDHI-2.0) is helping to translate Ayurvedic research into commercially viable, evidence-based products;	SIDDHI-2.0 explicitly targets the upgradation of quality and regulatory frameworks so that resulting products meet international expectations on safety, standardisation, and documentation, smoothing regulatory pathways in India and abroad. By promoting research-led product pipelines, indigenous technologies, and scalable formulations, it supports the creation of globally competitive Ayush pharmaceuticals positioned for export and integration into modern healthcare.
b.	The details of the steps taken by the Government to strengthen regulations and testing to reduce microbial contamination in Ayurvedic and herbal medicines;	The Government has initiated regulatory, surveillance, and testing measures aimed specifically at identifying and reducing microbial contamination in Ayurvedic and other herbal medicines.
c.	whether increased funding for PG institutions and new AYUSH colleges is effectively addressing the growing need for skilled, research-oriented faculty and practitioners in the country, and if so, the details thereof; and	Yes, <ul style="list-style-type: none">- Dedicated financial assistance has been provided for upgrading infrastructure, laboratories, herbal gardens, and clinical departments in AYUSH colleges. Grants-in-aid under Central Sector and Centrally Sponsored Schemes have supported the expansion of PG seats and the modernization of teaching facilities.- The number of PG seats across Ayurveda, Unani, Siddha, Homoeopathy, and Yoga & Naturopathy has increased over the last few years, improving opportunities for advanced training and specialization.

(Handwritten signature and date)
12/12/25

		<ul style="list-style-type: none"> - Faculty development programmes (FDPs), Continuing Medical Education (CME), and Research Methodology Workshops have been regularly conducted with central funding. - Increased funding has enabled institutions to establish research labs, drug standardisation units, pharmacognosy labs, and clinical trial infrastructure.
d.	<p>The details of the new research methodologies being adopted to generate strong scientific evidence for personalized AYUSH concepts, such as Prakriti, and individualized treatment responses?</p>	<ul style="list-style-type: none"> - Use of IT in the collection and recording of data helps in generating unbiased data - Mizaj Insani Questionnaire is being developed at CCRUM in collaboration with NIUM for Mizaj evaluation for much much-needed individualised approach to Unani disease management. - NIUM Bengaluru has published the Mizaj Questionnaire for its validity in a Scopus-indexed journal, which will help in recommending a diet regimen according to age, season, and place of dwelling.

This issues with the approval of the Competent Authority.

AYUSH Bhawan, B - Block, GPO Complex, INA,
New Delhi-110023

Sir,

Sub: Rajya Sabha Unstarred Question Admitted Question Diary No. 3731 for 16.12.2025.

With reference to your letter received by e-mail, on the subject cited above and to furnish the requisite information as detailed below in respect of this Institute.

Sl. No.	Particulars	Reply
a.	Whether the Govt has taken note of reports indicating 15-fold growth in India's AYUSH sector over the past decade and is expanding global wellness footprints;	Yes, the Indian government has publicly acknowledged the 15-fold growth in the AYUSH sector over the past decade and is actively promoting its expansion in global wellness markets.
b.	The steps being taken to strengthen export regulations, quality certifications, and international regulatory compliance for Ayush medicine and wellness services	Mandatory requirements include Manufacturing Licenses under the Drugs and Cosmetics Act, 1940, from the Ministry of AYUSH; Import Export Code (IEC) from DGFT; and Good Manufacturing Practice (GMP) certification for quality standards. Additional certifications cover Certificate of Pharmaceutical Product (CoPP) in the WHO format by CDSCO, FSSAI for consumables, and AYUSH Premium Mark via the Quality Council of India for third-party quality evaluation. These ensure products meet domestic and global benchmarks before export. For international markets, exporters must secure FDA approval for the US, comply with the EU's Traditional Herbal Medicinal Products Directive (THMPD), including contaminant testing and labelling, and obtain Certificates of Free Sale. The Central Sector Scheme promotes international cooperation, supporting AYUSH manufacturers with export boosts through standardization and quality control. CDSCO ensures the prevention of adulterated or substandard drugs, issuing the WHO-CoPP for compliant products.
c.	Whether export-focused infrastructure, such as global standard testing labs and simplified certification, is being developed	Yes, the Indian government is developing export-focused infrastructure for the AYUSH sector, including global-standard testing labs and simplified certification processes, to enhance international competitiveness.
d.	The support proposed for small and medium Ayush manufacturers to benefit from rising international demand and ensure safe, compliant, and competitive exports?	An MoU between the Ministry of AYUSH and the Ministry of MSME aims to promote AYUSH enterprises, with evidence of

		<p>growth in the number of registered AYUSH MSMEs following this collaboration.</p> <p>The newly established Ayush Export Promotion Council (AYUSHEXCIL) is mandated to work specifically on export promotion of AYUSH products and services, including providing sector-specific guidance on regulations, markets, and quality requirements for smaller manufacturers.</p>

Sir,

Sub: Rajya Sabha starred Question Admitted Question Diary No. 5333 for 16.12.2025.

With reference to your letter received by e-mail, on the subject cited above and to furnish the requisite information as detailed below in respect of this Institute.

Sl. No.	Particulars	Reply
a.	whether it is a fact that major ongoing schemes for the promotion of Ayurveda, Yoga, Naturopathy, Unani, Siddha and Homeopathy in the country are still not getting adequate budget allocation, if so, the reasons therefor;	Not Applicable
b.	the new steps being taken by the Ministry of AYUSH for the standardization of national institutes, research projects and AYUSH medicines, the details thereof; and	<p>The Ministry of AYUSH has recently implemented several new steps to standardize National Institutes, research projects, and Ayush medicines, focusing on quality assurance, regulatory compliance, and technological advancement. These initiatives aim to ensure uniformity, safety, and efficacy in Ayush products and services across India.</p> <p>Standardization of National Institutes:</p> <p>The Central Council for Research in Ayurvedic Sciences (CCRAS) and other national institutes have begun obtaining NABH (National Accreditation Board for Hospitals & Healthcare Providers), NABL (National Accreditation Board for Testing and Calibration Laboratories), and BIS (Bureau of Indian Standards) certifications. These accreditations align the institutes with national standards for healthcare services, laboratory practices, and operational protocols. Capacity-building programs are being conducted to strengthen the skills of scientific and administrative staff, fostering a culture of excellence and regulatory compliance.</p> <p>Research Projects and Innovation:</p> <p>The Ministry has launched the AYURGYAN Scheme for Research and Innovation in AYUSH, focusing on disease-oriented drug development, safety and efficacy studies, and standardization of classical Ayush drugs and therapies. The scheme supports the development of molecular, clinical, and real-world evidence to validate Ayush interventions and promote competitive technology development in devices and diagnostic tools.</p>

राष्ट्रीय यूनानी चिकित्सा संस्थान
12/12/25

	<p>Standardisation of Ayush Medicine:</p> <p>The Ministry is working towards consolidating all Ayush drug standard-setting processes under a single independent drug controller to eliminate regional variations and enhance quality, safety, and efficacy. Support is provided for the development of standards and accreditation/certification of Ayush products in collaboration with BIS, QCI (Quality Council of India), and other scientific institutions. The Ayush vertical in the Central Drugs Standard Control Organization (CDSCO) is being strengthened to oversee quality control, safety monitoring, and surveillance of Ayush medicines. The Ministry is also investing in upgrading Ayush Pharmacies and Drug Testing Laboratories to achieve higher standards, including WHO-GMP (Good Manufacturing Practices) compliance.</p>
<p>c. whether Government is ensuring that the availability of AYUSH doctors and medicines in primary health centers will be made mandatory to increase the availability of AYUSH services in rural areas, if so, the details thereof?</p>	<p>Not Applicable</p>

This issues with the approval of the Competent Authority.
